

MORTGAGE ADVISER CAMPBELL HASTIE.

Registered Financial Adviser - FSP 18421

Cam hails from the rural town of Opotiki in the Eastern BOP so it's no surprise that he's a big fan of the outdoors. If he's not fly fishing for trout in a mountain stream, then you may see him at a local A&P show competing in the woodchopping arena!

Roles and responsibilities

Cam provides mortgage advice and has a passion for helping first home buyers achieve the dream of home ownership. Getting your ducks in a row is a catch cry of Cam's as he helps people navigate the lending landscape whether they're considering renovations, upsizing the house to accommodate a growing family, investing to create future wealth or getting into a holiday home. Managing your existing mortgage and getting the best deal from the banks is part and parcel of his role. Now into his second decade in the industry, it's fair to say there aren't many situations he hasn't come across.

Qualifications

Cam has conjoint degrees in Science (Psychology) and Commerce (Management). He has specific lending qualifications and also participates in regular professional development as a way of keeping up with the latest thinking.

Professional experience

Cam started his career in the life insurance business in 1999 with Sovereign. He then moved into a sales position for a new (then) life insurance company, Club Life. In 2005 he stepped into the world of self-employment as a mortgage adviser and has never looked back. Cam is the author of 'The Bank Said Yes' which is a fantastic guide for the first home buyer. News agencies regularly seek his expert comment and his prolific and opinionated writing style has made him an Authority in the mortgage business.

“
I offer practical, affordable mortgage advice to individuals; on their journey to home ownership.

SUPER-ADVICE

YOUR JOURNEY STARTS HERE

Who Are We

Super-Advice is one of Australasia's leading employee benefits & corporate advisory groups. We specialise in the areas of KiwiSaver, employer group insurance schemes and Australian Super Transfers.

Our CEO is a New Zealander and is passionate about providing a transparent and integrated employee benefits service to New Zealanders. Our focus is to make companies an Employer of Choice by creating cost effective benefits for you and your employees.

We assist individuals in the management of retirement benefits and transfer of Superannuation from Australia to New Zealand.

Super-Advice is privately owned and authorised through both New Zealand Financial Markets and ASIC in Australia.

With over 25 years experience in the financial services industry, we ensure our clients receive the best possible advice and benefits available
